

BUILDERS' GUIDE

WHETHER you are contemplating the erection of a chicken house or a business block, a bungalow, or an apartment house, the time to build is NOW. It's the consensus of opinion among material men throughout the country that owing to economic conditions, labor unrest and the railway strike, the cost of building material both in hardware and lumber, as well as brick and cement, will not be less than at present for some time to come and that any day may see the end of the comparatively low prices, with a sharp advance in all lines. TAKE THE EXPERT ADVICE OF THE ADVERTISERS ON THIS PAGE AND BUILD NOW.

Eminent Character Actor in "R.S.V.P."

When Charles Ray's latest attraction for First National, "R.S.V.P.," is shown to the public, the cast will include many actors whose faces are familiar to all followers of Ray's pictures. Among them is William Courtright, who has played character parts ever since the motion picture industry became a national institution. "Billy," as he is affectionately called by all who know him, has a genuine hankering for the character parts that have been so indelibly associated with his professional life. Strangely enough it was in Charles Ray pictures that he first found the opportunity to create parts that would definitely stamp his work as individual.

He has appeared in the following Ray productions: "Paris Green," "45 Minutes from Broadway" and town constable in "The Jailbird," a Thomas H. Ince production featuring Douglas MacLean, and a leading rural citizen in "The Rookie's Return," another picture from the same producer with the same featured player.

His other roles have included pictures in which the stars were Dorothy Dalton, Vivian Martin, Madge Kennedy and some of the other well known film favorites.

In "R.S.V.P.," he plays the part of butler. It is an important role because some of Ray's best comedy revolves around his antics in getting by the door at the fashionable social home; and the manner in which the humor goes over is largely due to "Billy's" success in "feeding" the part. Torrance theatre, Tuesday, October 31.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

If skin fails to remove the torment and discomfort, and you do not have to wait for relief from embarrassment, improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

Atascadero Will Supply Trucks

Following is a verbatim extract from the weekly letter to the Atascadero News by E. G. Lewis of the Palos Verdes Estates and shows that Atascadero with its manufacturing plants will benefit largely by the contemplated work at Palos Verdes.

"I am starting tonight to Los Angeles to start the big work on the Palos Verdes Estates. Five trucks have been ordered through the Atascadero garage, as the first order that will come through Atascadero. Mr. Roth, as supervising architect, will soon have his hands full, and before many weeks Atascadero will begin to feel the effect of the immense construction undertaking. By Xmas day, the selection maps are to be in the hands of the holders of the Convertible notes, and then the sale of the frontage to the public can begin.

The horses are off at last on the big job. E. G. L."
